SUPPLEMENTAL DECLARATION OF ILL-SHIN KIM

I, Ill-Shin Kim, declare as follows:

My name, citizenship and residence are indicated below.

I am a named co-inventor of U.S. Patent No. 7,484,382, which issued on February 3, 2009, from application 10/549,934 ("the '934 Application"). I am also a named co-inventor of U.S. Patent Nos. 7,428,820; 7,430,873; 7,490,474; 7,490,475; 7,520,138; 7,520,139; and 7,552,597, which issued respectively on September 30, 2008, October 7, 2008, February 17, 2009, February 17, 2009, April 21, 2009, April 21, 2009, and June 30, 2009, as continuing applications of the '934 Application. I am further a named co-inventor of pending applications 12/117,331; 12/117,413; 12/125,110; 12/125,117; 12/125,127; 12/125,246; and 12/362,591, which are each continuing applications of the '934 Application.

The '934 Application claims priority to four Korean patent applications on which I am also a named co-inventor: KR 10-2003-0019726, KR 10-2003-0019727, KR 10-2003-0019732, and KR 10-2003-0019733 ("the Korean Priority Applications"). The '934 Application was filed as the U.S. national stage of PCT Application No. PCT/KR2004/000692 ("the '692 PCT Application").

Prior to their filing, I personally reviewed the content of each of the Korean Priority Applications, the '692 PCT Application and the '934 Application. I also personally reviewed the content of the February 24, 2004, Declaration and Power of Attorney ("February 2004 Declaration") (Attached as Appendix A) that was submitted in connection with the '934 Application. I understood and approved of the content of all of the aforementioned documents. I further acknowledge, adopt, and incorporate the substance of the February 2004 Declaration, including the duty of disclosure under Title 37, Code of Federal Regulations, § 1.56.

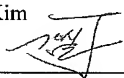

I also understood that Mr. Yong-Chol Kwon, a colleague of mine at LG Electronics, would communicate with a Korean law firm that assisted LG Electronics with the '692 PCT Application and the '934 Application. Based on my review and understanding of the documents provided by Mr. Kwon, I authorized Mr. Kwon to have my name signed on the February 2004 Declaration on my behalf.

At the time that I authorized my signature, I believed in good faith that I had a sufficient understanding of the content of the Korean Priority Applications, the '692 PCT Application and the '934 Application, and that it was proper for me to authorize Mr. Kwon to have the February 2004 Declaration signed on my behalf. By authorizing my signature, I did not intend to deceive the U.S. Patent and Trademark Office. To the extent that my belief about what was required in connection with the Declaration is incorrect, I have re-reviewed the content of the '692 PCT Application and the '934 Application, and I understand and approve of this content, including original claims 1-32. In addition, I have personally executed an additional Declaration For Utility Patent Application (37 CFR § 1.63), which is attached hereto as Appendix B.

I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed by me to be true. These

statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of any U.S. Patent issuing from this family of applications.

I am a named co-inventor of U.S. Patent No. 7,484,382, which issued on February 3, 2009, from application 10/549,934 ("the '934 Application"). I am also a named co-inventor of U.S. Patent Nos. 7,428,820; 7,430,873; 7,490,474; 7,490,475; 7,520,138; 7,520,139; and 7,552,597, which issued respectively on September 30, 2008, October 7, 2008, February 17, 2009, February 17, 2009, April 21, 2009, April 21, 2009, and June 30, 2009, as continuing applications of the '934 Application. I am further a named co-inventor of pending applications 12/117,331; 12/117,413; 12/125,110; 12/125,117; 12/125,127; 12/125,246; and 12/362,591, which are each continuing applications of the '934 Application.

The '934 Application claims priority to four Korean patent applications on which I am also a named co-inventor: KR 10-2003-0019726, KR 10-2003-0019727, KR 10-2003-0019732, and KR 10-2003-0019733 ("the Korean Priority Applications"). The '934 Application was filed as the U.S. national stage of PCT Application No. PCT/KR2004/000692 ("the '692 PCT Application").

Prior to their filing, I personally reviewed the content of each of the Korean Priority Applications, the '692 PCT Application and the '934 Application. I also personally reviewed the content of the February 24, 2004, Declaration and Power of Attorney ("February 2004 Declaration") (Attached as Appendix A) that was submitted in connection with the '934 Application. I understood and approved of the content of all of the aforementioned documents. I further acknowledge, adopt, and incorporate the substance of the February 2004 Declaration, including the duty of disclosure under Title 37, Code of Federal Regulations, § 1.56.

I also understood that Mr. Yong-Chol Kwon, a colleague of mine at LG Electronics, would communicate with a Korean law firm that assisted LG Electronics with the filing of the '692 PCT Application and the '934 Application. Based on my review and understanding of the documents provided by Mr. Kwon, I authorized Mr. Kwon to have my name signed on the February 2004 Declaration on my behalf.

At the time that I authorized my signature, I believed in good faith that I had a sufficient understanding of the content of the Korean Priority Applications, the '692 PCT Application and the '934 Application, and that it was proper for me to authorize Mr. Kwon to have the February 2004 Declaration signed on my behalf. By authorizing my signature, I did not intend to deceive the U.S. Patent and Trademark Office. To the extent that my belief about what was required in connection with the Declaration is incorrect, I have re-reviewed the content of the '692 PCT Application and the '934 Application, and I understand and approve of this content, including original claims 1-32. In addition, I have personally executed an additional Declaration For Utility Patent Application (37 CFR § 1.63), which is attached hereto as Appendix B.

SUPPLEMENTAL DECLARATION OF YONG-CHOL KWON

I, Yong-Chol Kwon, declare as follows:

My name, citizenship and residence are indicated below.

I am a named co-inventor of U.S. Patent No. 7,484,382, which issued on February 3, 2009, from application 10/549,934 ("the '934 Application"). I am also a named co-inventor of U.S. Patent Nos. 7,428,820; 7,430,873; 7,490,474; 7,490,475; 7,520,138; 7,520,139; and 7,552,597, which issued respectively on September 30, 2008, October 7, 2008, February 17, 2009, February 17, 2009, April 21, 2009, April 21, 2009, and June 30, 2009, as continuing applications of the '934 Application. I am further a named co-inventor of pending applications 12/117,331; 12/117,413; 12/125,110; 12/125,117; 12/125,127; 12/125,246; and 12/362,591, which are each continuing applications of the '934 Application.

The '934 Application claims priority to four Korean patent applications on which I am also a named co-inventor: KR 10-2003-0019726, KR 10-2003-0019727, KR 10-2003-0019732, and KR 10-2003-0019733 ("the Korean Priority Applications"). The '934 Application was filed as the U.S. national stage of PCT Application No. PCT/KR2004/000692 ("the '692 PCT Application").

Prior to their filing, I personally reviewed the content of each of the Korean Priority Applications, the '692 PCT Application and the '934 Application. I also personally reviewed the content of the February 24, 2004, Declaration and Power of Attorney ("February 2004 Declaration") (Attached as Appendix A) that was submitted in connection with the '934 Application. I understood and approved of the content of all of the aforementioned documents. I further acknowledge, adopt, and incorporate the substance of the February 2004 Declaration, including the duty of disclosure under Title 37, Code of Federal Regulations, § 1.56.

I provided the other named inventors – Ill-Shin Kim, Seon-Il Yu, and Kun-Jun Seok – with the content included in the '692 PCT Application and the '934 Application and the February 2004 Declaration. They informed me that they read and understood the documents I provided, and they authorized me to have the February 2004 declaration signed on their behalf. After obtaining authorization from the other named inventors, I communicated with a Korean law firm that assisted LG Electronics with the filing of the '692 PCT Application and the '934 Application. I authorized the law firm to sign on behalf of all of the named inventors – Ill-Shin Kim, Seon-Il Yu, and Kun-Jun Seok, and me.

At that time, I believed in good faith that I had a sufficient understanding of the content of the Korean Priority Applications, the '692 PCT Application and the '934 Application, and that it was proper for me to authorize the Korean law firm to have the February 2004 Declaration signed on behalf of the named inventors. By authorizing our signatures, I did not intend to deceive the U.S. Patent and Trademark Office. To the extent that my belief about what was required in connection with the Declaration is incorrect, I have re-reviewed of the '692 PCT Application and the '934 Application, and I understand and approve of this content, including

original claims 1-32. In addition, I have personally executed an additional Declaration For Utility Patent Application (37 CFR § 1.63), which is attached hereto as Appendix B.

I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed by me to be true. These statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of any U.S. Patent issuing from this family of applications.

SUPPLEMENTAL DECLARATION OF KUN-JUN SEOK

I, Kun-Jun Seok, declare as follows:

My name, citizenship and residence are indicated below.

I am a named co-inventor of U.S. Patent No. 7,484,382, which issued on February 3, 2009, from application 10/549,934 ("the '934 Application"). I am also a named co-inventor of U.S. Patent Nos. 7,428,820; 7,430,873; 7,490,474; 7,490,475; 7,520,138; 7,520,139; and 7,552,597, which issued respectively on September 30, 2008, October 7, 2008, February 17, 2009, February 17, 2009, April 21, 2009, April 21, 2009, and June 30, 2009, as continuing applications of the '934 Application. I am further a named co-inventor of pending applications 12/117,331; 12/117,413; 12/125,110; 12/125,117; 12/125,127; 12/125,246; and 12/362,591, which are each continuing applications of the '934 Application.

The '934 Application claims priority to four Korean patent applications on which I am also a named co-inventor: KR 10-2003-0019726, KR 10-2003-0019727, KR 10-2003-0019732, and KR 10-2003-0019733 ("the Korean Priority Applications"). The '934 Application was filed as the U.S. national stage of PCT Application No. PCT/KR2004/000692 ("the '692 PCT Application").

Prior to their filing, I personally reviewed the content of each of the Korean Priority Applications, the '692 PCT Application and the '934 Application. I also personally reviewed the content of the February 24, 2004, Declaration and Power of Attorney ("February 2004 Declaration") (Attached as Appendix A) that was submitted in connection with the '934 Application. I understood and approved of the content of all of the aforementioned documents. I further acknowledge, adopt, and incorporate the substance of the February 2004 Declaration, including the duty of disclosure under Title 37, Code of Federal Regulations, § 1.56.

I also understood that Mr. Yong-Chol Kwon, a colleague of mine at LG Electronics, would communicate with a Korean law firm that assisted LG Electronics with the filing of the '692 PCT Application and the '934 Application. Based on my review and understanding of the documents provided by Mr. Kwon, I authorized Mr. Kwon to have my name signed on the February 2004 Declaration on my behalf.

At the time that I authorized my signature, I believed in good faith that I had a sufficient understanding of the content of the Korean Priority Applications, the '692 PCT Application and the '934 Application, and that it was proper for me to authorize Mr. Kwon to have the February 2004 Declaration signed on my behalf. By authorizing my signature, I did not intend to deceive the U.S. Patent and Trademark Office. To the extent that my belief about what was required in connection with the Declaration is incorrect, I have re-reviewed the content of the '692 PCT Application and the '934 Application, and I understand and approve of this content, including original claims 1-32. In addition, I have personally executed an additional Declaration For Utility Patent Application (37 CFR § 1.63), which is attached hereto as Appendix B.

I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed by me to be true. These

statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of any U.S. Patent issuing from this family of applications.
